## EXPERIENCE

### Infotact Solutions | Web Development Intern | Remote

June 2025 – Sept 2025

**Infotact solutions** specializes in building SaaS **solutions**, including web and app development, AI/ML, and digital marketing, to accelerate your business growth.

- Developed and deployed responsive web applications using **MERN Stack**(React.js, Node.js, MongoDB).
  - Improved usability and performance by **debugging and troubleshooting**, aligning with Agile sprint cycles.
  - Documented APIs and workflows to support **scalable software development**.
  - Authored documentation for APIs, workflows, and system designs to support scalability and team collaboration.
  - Researched and integrated new frameworks/tools, reducing development time.
- Tech stack** – JavaScript (React.js, Node.js), HTML, CSS, Git, Postman

### ShareMySeat | Founding Full-Stack Developer | Remote

Apr 2025 – June 2025

ShareMySeat is a platform that allows users to share and book seats for events and activities.

- Built and launched MVP with Supabase backend, then extended with **custom APIs and Google Authentication**.
- Conducted beta testing with 20 users, iterating features to improve UX.
- Onboarded 10–20 beta testers, collected feedback, and iterated on product features to enhance UX.
- Delivered a functional product within weeks, showcasing rapid prototyping and full-stack ownership. **Tech stack** – Supabase, Node.js, TypeScript, PostgreSQL, Google Auth APIs, GiGit

## SKILLS

**Languages:** JavaScript, Python, Java  
Golang

**Frameworks:** React.js, Node.js,  
Django, Angular (familiar), .NET  
(familiar)

**Databases:** MongoDB, MySQL,  
Firebase, PostgreSQL, Redis

**AI:** GenAI, Langchain, OpenAI,  
Streamlit

**Cloud & DevOps:** AWS (EC2, S3),  
Azure (basic), Docker, CI/CD  
(familiar), Agile/Scrum

**Tools:** Git, Postman, Figma, VS Code

**Others:** Web Scraping, Content  
Creation, Git, Agile, Debugging,  
Testing, Data Structures, Algorithms

## EDUCATION

### Zeal College Of Engineering and Research, Pune

July 2022 – June 2026

## OTHER EXPERIENCES

- **Team Lead, AICTE's IDE Bootcamp** (Rajkot) Secured **2<sup>nd</sup> Prize alongside of 51 teams nationally** For MVP
- Solely built multiple **0→1 full-stack projects** from scratch, including SaaS and AI-powered platforms, deployed on cloud

## OPEN SOURCE CONTRIBUTIONS

1. [The-Boring-Agents](#) – AI-powered content generation for The Boring Education platform
